# POWER OPENER INSTRUCTIONS

The Power Opener is a script that you design for yourself to deliver an effective prospecting conversation. Use these simple instructions to create your own Power Openers.
1. **Click on 'Add a new entry'.**

2. **Proceed to fill in the fields on the form. Section with '*' must be completed.**
3. **You can hover over the '?' if you need help understanding that field.**

POWER OPENER INSTRUCTIONS
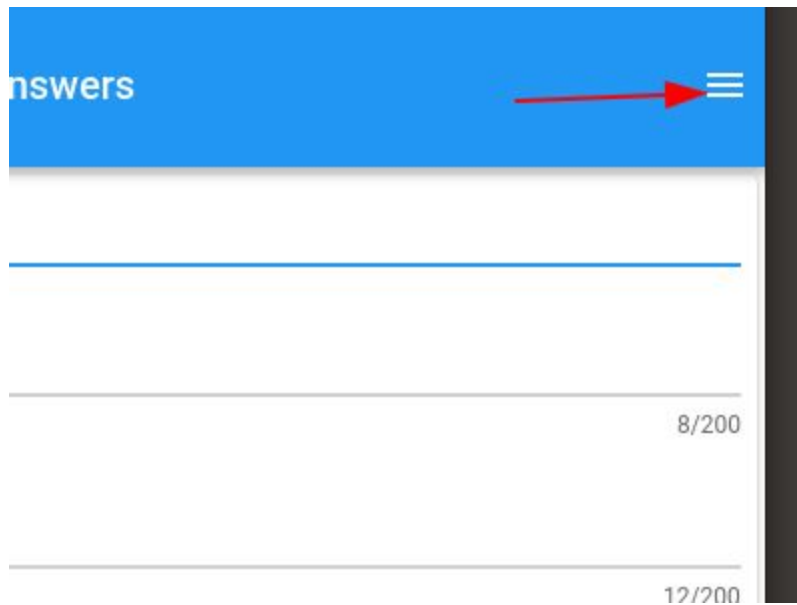

4. When you have completed the forms, hit the 'save' button.

5. In the upper right hand corner, navigate to the 'Power Opener Home'

6. Back on your home screen, you will see your new script on your dashboard. Click on the script's menu and you can view each script you created.
